Recommended Usage: Take one caplet with food twice a day (preferably one in the a.m. and one in the p.m. for best results). To maintain benefits achieved, continue daily use.

Build-up period: While some people experience benefits in as little as 3 weeks, MigreLief was designed to provide maximum benefits within a 90-day build-up period.

Recommended Usage: Take 2-4 capsules with food at the first sign of discomfort. May repeat in 2 hours if needed. See label for children's dosages.

Note: For additional "daily" nutritional support, add 2 "NOW" capsules to the a.m. dose of any MigreLief daily maintenance formula.
